Washington D. C., July 29.—A resolution by Republican leader Mann. calling upon president Wilson for all the pupers in the president Commutation of sentence of Dr. Thomas J. Remp. of this city, a seminlaw of senator Fletcher of Florida, was defeated Monday in the house judiclary committee.

The committee took the view that executive elemency is exclusively an act of grace vested in the president and that there is no precedent for the resolution. Representative daman gave notice that he expected to call up the resolution in the house.

Dr. Remp was convicted in the courts here of using the malls for disseminating information for illegal purposes. Her was sentenced to two years and a \$100 fine. The president commuted all but the dim.

OLD DOCUMENT BACK

Washington, D. C. July 2R.—When the pending bill passes congress providing for the return of the ordinance of accession of the state of Louisians to its native archives, the files of the war department will lose one of their most curious pensessions.

No one remembers exactly how the old zinc tube containing its record of the convention which voted to leave the union, reached the department. The case bears the simple legend painted on its cover. State of Louisians, Ordinance of Secession, January 76, 1861."

Different stories exist as to the means by which the relic reached the capital. It is said that Gen. Butler, when he took New Orleans, seized all the official papers he could find and sent them to Washington. It is peasible the old brown tube containing its monsage came north with other trophies of war.

As far as the record shows, the ordinance first came to light in.

Col. Lane Says Storms Have Been Coming From Mexico; Streets Flooded.

Imported rains continue to keep the weather cool and the street car traffic interrupted. The rainstorms which appear nightly come from across the Mexican border, Col. N. D. Lane says, and there is nothing in the charts of the forecasters to predict their apparence.

and there is nothing in the charts of the forecasters to predict their approach.

The Mexican-made rainstorm Tuesday night started a little before a oclock and continued until midnight. The rain was heaviest in the city and on the north mess. Oregon street was again a good sized stream of middy water, and the storm sewers were filled from the flood waters which poured off, of the highlands. Street car traffic on the Arizona line, all lines out Busevard and the Sunset. Heights line was blocked while the rain fell as the water carried quantities of sill and yellow mud down from the mess. Passengers who left the street cars on North Oregon street found that they could not reach the sidewalks on either side of the street because of the water which was more than a foot deep in the guitters.

The rain did not damage property along Montana and Rio Grands street Tuesday night as it did during the previous storms. Much water flowed over the north and south streets, but the quantity of earth carried down was not sufficient to cover the yards. The rain was light in northeastern EPTass and down the valley. No damage was done in the lower valley to the roads or interurban line, although the rain was general throughout the valley and fell steadily for more than an hour.

The weather office estimates the rainfall at 75 of an inch, which is not a heavy as some of the rains

The weather office estimates the rainfall at 7.8 of an inch, which is not as heavy as some of the rains which fell earlier in the summer.

PRESIDENT LAYS PLANS
FOR BELLATED VACATION.

Washington, D. C., July 23.—Information from Democratic leaders in congress that adjournment might be expected about Angust 15, led president Wilson Tuesday to begin laying plans for his vacation. The president has been bearing up well under the hot weather of the last few weeks but he is auxious to get Mrs. Wilson away from Washington.

The president probably will leave for his summer home at Cornish, N. H., junt as soon as congress adjourns.

Late in September or early in October Mr. Wilson probably will go into lowa and several other states to help Democratic candidates in their campaigns. The understanding is that he believes his administration will be on trial at the elections, and that he ought to go out and talk to the voters.

Jeff Davis, delegate to the convention of the Hoboes of America, swing off a "rattles" here Wednesday on his way to Chicago to attend the annual gathering of his clan. Davis says he is a "fink," which is a real hobo who travels from place to place seeking work without the formatity of paying car fare. Opposed to the "gink" is the tramp who can get work but work. The third in the classification is the hum who can't work because of age, physical disability, or boose. Davis says the purpose of his organization is to eliminate the tramp and the hum from the road. He says there will be 1000 delegates at the Chicago convention. One good he says the organization has accomplished has been the sending home of 500 boys who have run away to see the world. Every hobo is pledged to start the runaway boys homeward as soon as he finds them, Davis says. TO CONVENTION
